Proclamation:

From the Divine love that flows within my Being, I command that every cell in my body and every vibration of my being align itself in Divine Perfection, for I desire to be All That I Am, I choose to be All that I Am, I Am all That I Am. I claim my identity and my Divine perfection. And so it is.

-Proclamations of the Soul, by Rich Work

From the Divine Love that flows from within my Being, I am prepared and I accept the full integration of my Divinity throughout my being. I acknowledge and honor all parts of my Being that have supported my journey in my physical experience, and I transmute those thought forms which no longer serve me into unconditional Love. I transmute all energies that would interfere with my ability to declare my freedom and proclaim my Divinity, into the divine expression of Creative love, and activate the Golden Light of Transformation throughout the totality of all that I am. And so it is.

Proclamations of the Soul, by Rich Work

Affirmation: *On all levels, in all dimensions, and in all my energy bodies, I now release the blockages to my free verbal expression. I set free all energetic residue contained in the unexpressed soundings of any wounding, dishonorings, devaluings I have experienced in all my incarnations. I claim my ability and right to speak and claim my truth. From this moment forward I am free to express in the world. And so it is.*
